## CAREER OBJECTIVE

Passionate Back End Developer with hands-on skills in C#, ASP.NET Core, Entity Framework Core, and SQL-based backend development. Skilled in building secure REST APIs with JWT authentication and clean architecture practices. Looking to start my career as a backend developer in a dynamic team.

## PROJECTS

1. **Placement Management Portal** View Project
   **Tech Stack:** C#, ASP.NET Core Web API, .NET 10, Entity Framework Core (Code-First), Fluent API, Repository & Unit of Work Pattern, DTO Pattern, JWT, SQL Server, FluentValidation, Serilog, MailKit, ClosedXML.

   A role-based placement management API to manage students, departments, companies, placement drives, applications, eligibility, and recruitment workflows.

- Built a layered REST API using **ASP.NET Core Web API, Code-First EF Core, and Fluent API** with SQL Server, following **Controller, Service, Repository**, and **Unit of Work** architecture.
- Implemented **JWT authentication and role-based authorization** for Students, Admins, Placement Officers, and Recruiters with secure password handling and **OTP-based password** reset through email.
- Developed student and education management with **department-based placement eligibility**, including CGPA, backlog, graduation year, and department validation during application submission.
- Designed **Company and Placement Drive management**, including eligible department mapping, employment type, work mode, application deadlines, drive status, **search, filtering, sorting, and pagination.**
- Implemented end-to-end **placement application workflow** with duplicate-application prevention, eligibility validation, year-wise unique application number generation, and automated submission email notifications using **MailKit.**
- Implemented **Excel export functionality using ClosedXML** for application data and centralized error handling/logging using **global exception middleware** and **Serilog.**

**2.Employee Management System** View Project

**Tech Stack:** C#, ASP.NET Core Web API, .NET 8, Entity Framework Core (CODE-First), Fluent API, Repository & Unit of Work Pattern, DTO Pattern, JWT, MySQL, SMTP (MailKit) Bcrypt(Password).

A full-stack EMS management API to handle employee records, departments, roles, designations, salaries, leave approval workflows, and end-to-end recruitment (job postings and candidate applications).

- Built a layered **REST API (Controller, Service, Repository) using ASP.NET Core Web API** and **Code-First EF Core** with **Fluent API configuration** on **MySQL**.
- Implemented **generic Repository** and **Unit of Work patterns** for transactional, multi-entity operations with automatic rollback on failure.
- Designed **JWT authentication** with **role-based authorization** and **OTP-based password** reset via **email**.

  Implemented **file upload handling (resumes, photos, documents)** with validation and orphaned-file cleanup.
- Created a **global exception-handling middleware** for **standardized API responses** and **centralized logging** (**Serilog**).
- Built reusable, **generic filtering/sorting/pagination** utilities applied across multiple modules.
- Integrated **SMTP (MailKit)** for automated leave and recruitment **email notifications**.

## TECHNICAL SKILLS

- **Languages:** C#, SQL, HTML, CSS, JavaScript,Java
- **Frameworks:** ASP.NET Core Web API, Entity Framework Core (Code-First Approach)
- **Databases:** MySQL, PostgreSQL, SQL Server
- **Tools/Platforms:** Git/GitHub, GitHub Actions(CI), Swagger UI, Azure DevOps, MS Office
- **Deployment:** IIS, Docker
- **Testing:** Unit Testing(Xunit), API Testing (Postman), Debugging
- **Concepts:** REST APIs, JWT Authentication, Clean Architecture, SDLC, OOPs, RDBMS
- **Soft Skills:** Communication, Problem Solving, Critical Thinking, Attention to Detail
- **Typing Speed:** 45 WPM, 85% Accuracy

## EDUCATION

| Institution | Degree | Score | Year |
|---|---|---|---|
| **Kongu Engineering College, Erode** | **MCA** | CGPA: **8.86** | 2024 – 2026 |
| **H.H. The Rajah's College** | **BCA** | CGPA: **8.98** | 2021 – 2024 |
| **St. Mary's Hr. Sec. School** | **HSC** | **89.97%** | 2020 – 2021 |
| **St. Mary's Hr. Sec. School** | **SSLC** | **85.40%** | 2018 – 2019 |

## CERTIFICATIONS

- ✓ **C# Developer Foundational Certification** — Microsoft, FreeCodeCamp -View Link
- ✓ **MySQL Implementation Associate Certification** — Oracle University -View Link
- ✓ **Databases and SQL for Data Science** — IBM, Coursera -View Link
- ✓ **Data Science for Engineers** — NPTEL -View Link

## CO-CURRICULAR ACTIVITIES & ACHIEVEMENTS

- ✓ **Coding Club Member**, MCA Department, Kongu Engineering College, Erode (Aug 2024)
- ✓ **Association Club Member**, MCA Department, Kongu Engineering College, Erode (Sep 2026)
- ✓ Won 3rd Prize in Intra-College Paper Presentation Competition (Sep 2024)
- ✓ Presented a research paper titled "Mouse Movement Detection and Data Loss Analysis Using Machine Learning" at **ICIPCN 2026**, held in association with **IEEE**
- ✓ Secured **First Class with Distinction in both Junior and Senior Grade English Typewriting** examinations conducted by **TNDTE** (Tamil Nadu Directorate of Technical Education.
